

CERTIFICATE OF

COMPLETION

Certified
CADSIM Plus
User

This certificate is awarded to

YOUR NAME

Following successful completion of an introductory course in dynamic process simulation using:

The recipient is encouraged to utilize this new knowledge to improve the efficiency of manufacturing processes, develop better process designs, optimize and improve process control, offer exceptional training and to enhance the conservation of materials and energy for a sustainable future.

This course was offered remotely and included 24 hours of hands on simulation training using CADSIM Plus.
